### Command examples

If PIN is 1234 to add a number

Text X1234n010871234567

- this adds the number 0871234567 to slot 01 ,

The unit will then text back a confirmation and the number to you.

To Open and hold open gate for 2 hours - Text X1234go2

To Tag a Number - this will text you the no. that has just opened the gate.

X1234tag05to01 ( 1 being your mobile and 5 being the number at slot 5)

X1234tag05clear - turns it off. All commands as simple to use.
